

**The Support Committee for Armenia's Cosmic Ray Division
welcomes you to a reception with**

Prof. Ashot Chilingarian

Director of Yerevan Physics Institute,
Head of the Cosmic Ray Division

and Dr. Bagrad Mailyan

Cosmic Ray Scientist
from CRD in Armenia

Sunday, December 11, 2011 at 1:00 PM

St. John Armenian Church

275 Olympia Way
San Francisco, CA 94131

Admission is Free

Mezze Refreshments will be Provided

Prof. Chilingarian and Dr. Mailyan will be in San Francisco to present their work at the annual American Geophysical Union conference at the Moscone Center in San Francisco from December 5 to 9. This annual event which exceeds 10,000 participants, attracts scientists from around the world. Taking advantage of this opportunity we have invited Prof. Chilingarian and Dr. Milyan to interact with the Armenian community in the Bay Area. They would like to thank you personally for your faithful support of the CRD.

The Cosmic Ray Division of the Yerevan Physics Institute continues its state of the art research of global importance. Please come, welcome them to the Bay Area, hear the latest news directly from them, and ask as many questions as you want.

A colorful slide show will be part of the exchange with the community.
